

## YEAR 5/6 IPAD APP LIST: 2019

APP	Description	APP	Description
<b>Exploration &amp; Creation Apps</b>		<b>Curriculum Apps</b>	
	<b>GarageBand</b> is a music creation studio with a complete sound library including software instruments, pre-sets for guitar, voice, and drums. (Note: Will come as part of the IOS on most later iPads.)		<b>Google Classroom</b> is a free web service for schools for creating, distributing and marking set tasks. The purpose is to streamline the process of sharing files between teachers and students.
	<b>TouchCast Studio</b> allows students to add webpages, files, images and videos then record and share with others.		<b>Edmodo</b> enables teachers to share content, assignments, and manage communication with students, colleagues, and parents.
	Students use <b>Pic Collage</b> to combine photos, fonts, and pictures to create collages.		<b>The Calculator</b> performs everyday calculations and includes a scientific mode.
	<b>iMovie</b> is a video editing software application. (Note: Will come as part of the IOS on most later iPads.)		<b>Epic</b> allows teachers to set up a class for students to read books online.
	<b>Wonder</b> allows tudents can create their own real-world gadgets and robots. They design behaviours and interactions.		<b>Google Docs, Sheets and Slides</b> allows students to create, edit and collaborate with others.
	<b>Path</b> introduces children to sequences, events, and sensors through its simple draw, drag, and drop interface.		<b>Mathletics</b> is linked with curriculum activities that compliment school-based learning.
<b>Health &amp; Wellbeing</b>			<b>Pages</b> helps to create reports, resumes and documents easily. It allows students to revise and edit their work.
	<b>Smiling Mind</b> is a meditation program that helps you to put a smile on your mind anytime, anywhere and every day.		<b>Learn French With Langagenut</b> offers progressive learning with fun interactive activities and resources for language learning.
	<b>Headspace</b> provides guided meditations and mindfulness techniques for students.		The <b>NAP Locked down browser</b> allows students to securely participate in <b>NAPLAN</b> and NAP Sample tests on the Online National Assessment Platform.
	<b>Sandbox Colouring</b> is a free colour by numbers app. Students can use this app as a mindfulness program.	<b>Port Melbourne Primary School</b> Created: 14 <sup>th</sup> December, 2018
