

These are all of the sounds we have learnt this year in Prep. It would really help your child to prepare for year one if you could help them to learn the sounds these letters make (you can use the same methods/activities you have used for learning their Magic Words). It would also be beneficial for your child's reading and spelling development if you make words using the cards for your child to read and challenge your child to make words with the cards. There are two copies of every sound below so that you can play games such as snap and matching pairs and make some more challenging words (if appropriate). Happy Holidays! The Prep Team
