

Dear Parent/Carer,

Port Melbourne Primary School is very proud of the quality programs that we have put in place to cater for the needs and interests of all our students. On an annual basis, School Council prepares a budget to provide resources for educational programs, administration, facilities development and maintenance. Your contribution ensures we can continue to provide the excellent programs you expect.

In addition to the contributions below, the major fundraising for the year ahead will focus on landscaping around our new facilities. Your donation will help to ensure we realise our vision for these facilities for our students and the community.

School Councils are responsible for developing and approving their school's Parent Payment policy, to be compliant with the Department's policy. Parent payments in Victorian government schools are explained in the enclosed document.

There are three areas where parents may be asked to make a payment or contribution, details of these costs follow:

- **Essential Education Items:** Items that parents/guardians can pay the school to provide, or must provide themselves, (for example, stationery, textbooks, travel and entry costs for excursions...);
- **Optional Extras:** Items/activities offered on a "user-pays" basis, where parents/guardians may *choose* whether their child accesses or participates (for example, Year 6 graduation mementos or extracurricular activities); and
- **Voluntary Contributions:** parents/guardians are encouraged to donate to the school.

Parents/guardians are responsible for ensuring that their children are provided with Essential Education Items. The school makes every effort to keep the cost of these items at a minimum. Parents/guardians also have the option of providing Essential Education Items themselves.

The Port Melbourne Primary School Council has made a considerable effort to ensure that this school policy is fair and provides options to support parents to access the materials and services associated with their child's education.

If you have any queries or wish to discuss your unique circumstances, please contact the Business Manager, Kaye Linsdell, [linsdell.kaye.k@edumail.vic.gov.au](mailto:linsdell.kaye.k@edumail.vic.gov.au) to make an appointment.

The Parent Payment policy will be provided in the 15<sup>th</sup> November newsletter and is also available on the school website.

## Schools

### What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

### What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

### What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability  
Engagement & Support | Respect & Confidentiality | Transparency & Accountability

## Parents

### What may parents be asked to pay for?

#### Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

#### Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
  - stationery, book bags
  - student ID cards, locks
  - cooking ingredients students will consume
  - materials for final products that students take home (technology projects, build-your-own kits, dioramas)
  - Picture Exchange Communication Systems

#### Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
  - incursions
  - school sports
  - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

#### Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

#### Items the student purchases or hires

- e.g.
- school magazines, class photos
  - functions, formals, graduation dinners
  - materials for extra curricular programs
  - student accident insurance

#### Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
  - fees for guest speakers
  - camps, excursions, incursions, sports
  - entry fees for school run performances

#### Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
  - supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

Schools can invite **Voluntary Financial Contributions** for

- e.g.
- Building or Library fund (Tax deductible)
  - Voluntary contributions for a specific purpose, such as equipment, materials, services.
  - General voluntary contributions
